NOV 20 2015

Dear Interested Parties;

The Bureau of Land Management (BLM), Shoshone Field Office received an application from George Panagiotou on June 11, 2015 for a right-of-way grant. The requested right-of-way would allow the applicant to construct, maintain, and terminate an access road to private property. The application provides two alternatives for the location of an access road.

The preferred access route across public lands in Jerome County would have a total length of 2,060 feet, with 1,720 feet being improvement to an existing road and 340 feet being a new road segment. The proposed width of the right-of-way is 50 feet and the total area in the right-of-way is 2.37 acres. The alternative access route is approximately 2,770 feet long, generally following a primitive two-track road with a proposed partial realignment to increase safety. The alternate access route also has a proposed width of 50 feet, making the total right-of-way area for the alternative access route approximately 3.18 acres.

The right-of-way, as proposed, would be located on a portion of the following public lands in Jerome County described as:

Boise Meridian, Idaho  
T. 9 S., R. 18 E.,  
sec. 31, E $\frac{1}{2}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ ;  
sec. 32, W $\frac{1}{2}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$ , S $\frac{1}{2}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ .

A map of the proposed right-of-way is enclosed for your reference.

Please advise this office by December 21, 2015 if you have any comments and/or would like to receive future information concerning the proposed right-of-way. In all correspondence please refer to IDI-38012, Panagiotou Road Right-of-Way. If you need additional information, please contact Meghan Sorensen-Pereira at the above address, at (208) 732-7263, or via email at [mpereira@blm.gov](mailto:mpereira@blm.gov).

Sincerely,

Codie Martin  
Field Manager
